Integrated electronic fare collection for smooth payments and reduced waiting times.

Warranty & Parts

1 year warranty. 3 years for motor + battery extended warranty available. Factory spare parts sourced for direct purchase.

Pricing

SRP 7,995,000.00 discounted to Php 7,595,000.00

TECHNICAL SPECIFICATIONS

Vehicle Specification	
Product Model	35 Seat bus
Wheelbase	3320 mm
The Entire Vehicle Length	6540 mm
Width x Height	2100 mm x 2790, 3000 mm
Max. Passengers	35 (20+1)
New Energy Configuration	
Battery Type	CATL
Battery Capacity	127.74kWh
Motor	Golden Dragon Motor PMSM: 150KW, 1000N.M, 3500 rpm
Charging Port	CCS2
DC Fast Charger	Tritium IP65 75kW DCFC
Electric air pump	Standard(PMSM)
Electric power pump unit	steering pump (PMSM)
Vehicle Performance Parameters	
Range potential at full charge	234-314 km
Maximum Design Speed	80 km/h
Chassis System	
Front Axle	3.5T
Rear Axle	5T
Suspension System	1300 mm, Air Suspension
Steering system	Hydraulic power
Brake system	Dual-circuit air brake system, front disc, rear drum
ABS	Equipped
Rims	6.0 × 17.5 steel rims
Tire	215/75R17.5

Electrical Configuration	
Fire extinguisher	1*2kg Dry powder fire extinguisher
Coin Machine	YES
Storage battery	Maintenance free battery, 2*70Ah
Digital clock	YES
Audiovisual systems	MP3 player
Reversing Monitor	Reversing camera
Station device	YES
Heater	Water heating with natural wind defrost
A/C	14000Kcal electric AC, with heating management
CAN Instrument	Equipped
Road sign	Front Led road signs
Vehicle Body System	
Side windows	Driver & tail window sliding
Compartment door	Aluminum
Air ventilator	1 safe skylights with ventilator
Passenger door	Pneumatic swing passenger door (front, middle)
Driver seat	Mechanical six-way and backrest adjustable driver seats
Passenger seat	Normal bus seat
Sunshade	Driver side window
Handrail assembly	Steel handrail
Air passage	Aluminum alloy air duct
Safety hammer	4 with alarm safety hammer
Passenger exit door bell	Equipped
AC	Electrical AC 13700Kcal/h
